REVISED NEWLANDS RESOLUTION.

In the course of it various requests that the local Government should at least ask the President whether the September elections might not be suspended, the BULLETIN published the following excerpt from the Newlands Resolution:

"Until Congress shall provide for the government of such islands all the civil, judicial and military powers exercised by the officers of the existing government in said islands shall be vested in such person or persons and shall be exercised in such a manner as the President of the United States shall direct."

This is the exact wording of the Newlands Resolution; the italics are BULLETIN'S.

This morning the official organ of the local government makes this quotation from the Newlands Resolution:

"Until Congress shall provide for the government of the islands, all the civil, judicial and military power exercised by the officers of the existing government in said islands shall be vested in such person or persons, AS THE PRESIDENT OF THE UNITED STATES SHALL DIRECT; and the President shall have power to remove said officers and to fill the vacancies so occasioned."

The capital as well as the omission are the Advertiser's. Of all the funny, childish newspaper slides this takes the palm. The official organ does not object to the suspension of the election, no one does. It simply maintained that the elections were not of sufficient import to warrant obtaining an opinion from the President. The BULLETIN advocated the cause of the people and its course and arguments are vindicated from no less important source than the President of the United States. This vindication grates so harshly in the nerves of the official organ that it issues in its editorial column a revised edition of the Newlands Resolution. The narrow minded course of the organ carries its own arguments and conclusions.

THE CAUSE OF CHARITY.

An Enthusiastic Meeting With Beneficial Results.

The Home Mission Rally, of the Hawaiian Evangelical Association, at Central Union Church yesterday was a red-hot event in the church history of these Islands.

In the absence of Judge Judd, the President of the Board, Henry Waterhouse of the Board of Directors was called to act as moderator of the meeting by Rev. Mr. Kineaid. In his opening address defining the object of meeting, Mr. Waterhouse was clear and clean cut in his remarks as to the present standing and necessities of the mission. He simply made a business statement of its affairs to the congregation and appealed to them to exercise a calm and deliberate judgment in the bestowal of their alms and aid.

The Invocation, Lord's Prayer and Scripture lessons under the direction of Rev. John Lendingham, F. W. Damon and Professor Theodore Richards gave a keen edge to the listening multitude and the address of Rev. J. M. Lydgate on "Ways," followed by Rev. J. A. Cruzan on "Means" created a feeling that redounded to the benefit of the cause for which all had assembled.

FACTS REGARDING THE FRANCHISE REFUSED.

Continued from Page 1.

The same section under their Charter and Contract can be located and forfeited and re-located and forfeited from time to time until the fifty years shall have expired, or they can make new locations in the same sections from time to time after the forfeiture of the preceding one; or, they can do nothing and hold the franchise for fifty years. No power to forfeit the franchise is reserved to the Government.

President Dole states, with reference to the Hilo Railroad Company, that:

"Its Charter Members enjoy the confidence of the public and include men of experience in the promotion and management of similar enterprises in these islands."

Five of the seven of our Charter Members are residents of the islands and "enjoy the confidence of the public." The other two of the Charter Members come highly endorsed by United States Senators and representative men of the United States as to their standing in the communities from which they come, while they have been associated in the construction and operation of railroads in the United States for a great many years, and represent men whose financial standing cannot be questioned.

The letters, statements of conversations, conditions of charters and contracts above referred to are all a matter of record.

Something to Remember.

An Irishman, in Hilo, is said to have taught ducks to swim in one of the Volcano hot water lakes and with such success that they lay boiled eggs.

The above is a "fairy story" but the Pacific Cycle & Mfg Co. tell no "fairy stories" when they say that they build sturdy wheels which are a pride of the owner.

"A friend in need is a friend indeed." When your bicycle breaks down you can find a friend in the Pacific Cycle & Mfg Co., who guarantee all repairs.

"A fair exchange is no robbery." The Pacific Cycle & Mfg Co. pays more for the Sterling bicycle and sell at less margin than on any other wheels on the market.

"One good turn deserves another." This proverb applies to the Sterling which like Oliver Twist, although tired, wants more.

Y. M. C. A. Notes.

A meeting of the Board of Directors will be held this evening. As there are four of the nine members of board out of town and it takes five to constitute a quorum it is very necessary that the remaining ones be present. Some important matters will be brought up for discussion.

The social to the members of Y. M. C. A. will take place Thursday night. A fine time is being arranged for.

The Shakespearean recitals begin Friday night, June 8, with "Othello" by Mr. Williams. "A Midsummer Night's Dream" on the 13th and "A Winter's Tale" on the 15th will be given by Mrs. Williams. The course will be closed June 19 by Mr. Williams who will give "The Tempest."

The Anglican Church Chronicle for June has the usual stirring editorial reminders to Churchmen of their duties. It gives reasons for not favoring the Sunday secular newspaper, and attacks the prevailing habit of profanity. The news, educational and miscellaneous departments contain a good variety of matter.
